COLOUR RANGE

Our Colours Range features a choice of hand-painted options to provide a truly personal tribute. Select from our traditional shape (square ends) or curved shape (rounded ends) and select one colour for the coffin from 17 painted finishes. The coffins are available in a range of finished sizes with natural rope handles and fully fitted with natural linings, pillow and covers.

COCOSTICK

The Cocostick coffin is made from the stem of the coconut palm leaf, which is a fast-growing by-product of the coconut tree. The coconut palm leaves are dried out, stems removed, leaving tiny sticks. These sticks are then strung together to create our Cocostick coffins cultural and desirable colour combination.

LOOM

Our Loom coffins are made from natural paper which has been spun into long yarns and woven around a substantial cane frame.

WOVEN | TRIBUTES

The teardrop shape woven coffin adds an elegant touch to the shape of the coffin. The can be made in a few different materials, all of which are sustainably sourced.
